 Date: 01-Oct-2019

CUSTODIAL OFFICE : MERO - Foundation Design - (416) 235-3715

**NOTES:**

- Systems eligible for inclusion in MTO work are defined during the project design phase and identified in contract documents.
- Maximum angle is measured from the backface of the horizontal.
- Maximum wall height is for each continuous tier at maximum slope.
- Performance (Perf in header) is a rating either High (H), Medium (M) or Low (L).
- Appearance (App in header) is a rating either High (H), Medium (M) or Low (L).
- Acceptance (Acc in header) is a category, with status of Demonstration (DE) or Acceptance (A). Both eligible to bid MTO contracts.
- RSS is also identified as mechanically stabilized earth (MSE).
- Traffic Barrier - Y (yes) designates approved cast-in-place concrete traffic barrier for use with specific RSS.
